Personal Responsible AI Use Agreement For Students

My Learning Values

What does meaningful learning look like to me?

_____

_____

What am I most excited to learn or get better at this semester/year?

_____

_____

_____

When I face a challenging problem, what approaches help me grow the most?

_____

_____

My AI Partnership Philosophy

I see Artificial Intelligence as: (check all that apply and explain)

[ ] A research assistant that helps me find information

[ ] A thinking partner that challenges my ideas

[ ] A tutor that explains concepts in different ways

[ ] A creative collaborator for brainstorming

[ ] A practice partner for skills development

[ ] Other: _____

Explanation of my choices:

_____

_____

_____

My Commitments to Learning

I commit to being honest about my AI use because _____.

When I use AI to help with schoolwork, I will:

- Always be able to explain the work in my own words
- Identify what I learned from the process
- Be transparent with my teacher about how I used AI
- Consider whether the AI use supported or replaced my thinking

I will avoid using AI when:

1. _____

2. _____

3. _____

4. _____

5. _____

If I'm unsure whether AI use is appropriate, I will:

_____

_____

My Growth Mindset

I understand that:

- Making mistakes is part of learning.
- Struggling with concepts helps me build a stronger understanding.
- My goal is to become a better thinker, not just to get answers.
- Learning happens when I actively engage with ideas.

One area where I want to challenge myself to think independently this year:

_____

_____

My Signature and Commitment

By signing below, I'm making a personal commitment to approach learning thoughtfully and with integrity. I understand that this agreement is about my growth as a learner, not about following rules.

Student Signature: _____ **Date:** _____

One thing I want my teacher to know about how I learn best:

_____

_____

Reflection Check-ins

Mid-semester reflection: How is my AI partnership supporting my learning goals?

End-of-semester/year reflection: What did I learn about learning this semester/year?
